# Storytelling Workshops

**Fully funded opportunity – March 2025**

Can you influence hearts and minds? Do you want NPs to have a greater voice in our communities? Do you want to transform healthcare at a local level?

**Storytelling is the key to influence.** But in a chaotic world, it's hard to cut through the noise. Often, our most important messages are not heard.

In this interactive, 4-hour workshop, join award-winning journalist, author and wellbeing advocate **Jehan Casinader** to learn how to use storytelling tools to grow your influence, build trust, and influence workforce planning and service delivery.

Don't miss this special (and enjoyable!) opportunity to add to your leadership toolkit and gain practical skills.
