

NEW ZEALAND COLLEGE OF MIDWIVES (INC)

May 2013

Dear Colleague

Introducing Find Your Midwife

Find Your Midwife is a new website service that allows you or the women you work with to quickly and easily find a midwife. The service has been developed by the New Zealand College of Midwives with funding from the Ministry of Health. If you log onto the website www.findyourmidwife.co.nz now you will see how user-friendly it is. With a few clicks of a mouse, the service enables women to locate local midwives available on their due date, rather than having to make multiple telephone calls.

www.findyourmidwife.co.nz

- has a due date calculator
- searches for midwives by due date, locality, preferred place of birth (hospital, birthing centre or home)
- shows only midwives who hold a current Annual Practising Certificate, are members of the New Zealand College of Midwives and are currently practising
- provides up-to-date information - each midwife's month-by-month availability is regularly updated
- provides written profiles of each midwife and contact details
- has a 'print list' option for women who don't have a computer

The site includes information on New Zealand's midwifery-led maternity care system and contact details for feedback and further information or if you would like to order promotional material. If you have a website of your own please consider adding a link to Find Your Midwife and we attach a logo with this note to accompany this.

We are sure that the service will be a great help to you and the women you work with.
